Up   Down   M

Display   Memory positions

Handset instructions TDH6

Operation of the desk
- Press «↑» to move the desk up;
- Press «↓» to move the desk down.

Setting the memory function
1. Place the desk up or down to the desired position;
2. Press «M» until the display flashes, then press «1» to save position 1;
3. Repeat the procedure to save the other positions. (4 memory positions in total)

   The memory positions are not lost when the power is turned off.

Initialization of the system (reset)
1. Press and hold «↑» and «↓» until the frame has reached the lowest position;
2. Initialization is complete when you hear a beep.

CM or INCH
1. Press «1», «2» & «M» together for 5 seconds;
2. Then «C1» will flash on the display;
3. Press «1» for CM or press «2» for INCH.
